SUBJECT: Acknowledgement of Organization / Letter of Endorsement/Support

On behalf of the concerned citizens that support the military Service-members and their families and as a disabled veteran, I thank you for the desire to serve military families and provide services which will enable you to carry out imperative social programs that will combat depression, anxiety disorder, and divorce among our wounded warriors, as well as enhance military families and provide inspirations of hope to the warrior and their families.

As a Business owner, I am elated to acknowledge your organization (EOM) as the developer to implement the various initiatives in housing, community development, and education.

Again, I thank you for your kind support in bettering our communities. Eagle Outreach Ministries, Inc (EOM) will benefit people looking for an opportunity to better themselves and strengthen their family's structure.
